WEB DEVELOPER

ABOUT ME

Hi, I'm Bao Truong. I've been a Web Developer since 2021. I have over 3 years of experience in creating responsive and user-friendly websites. Proficient in HTML, CSS, JavaScript, and modern frameworks like React.js and Node.js. Dedicated to delivering high-quality, innovative web solutions.

TECHNICAL SKILLS

Programming Languages

- HTML5 & CSS3
- Javascript & Typescript

Frameworks & Libraries

- React.js, Next.js, Express.js, Nest.js
- Redux, React Query, React Table
- SCSS, TailwindCSS, Material UI, Chakra UI, Styled Component

Other

- Understanding of OOP methodologies, SOLID principles.
- Basic SQL
- Using the ORM libraries for working and interacting with a database.
- Knowing basic Docker.
- Git for managing source code.

PROFESSIONAL EXPERIENCE

Hybrid Technologies

Jun 2023 - Oct 2024

Front-end Developer

- Teaching & Learning English Project:
 - Description: This is an existing educational system for Japanese to learn English. We need to rebuild and integrate some new features.
 - Responsibilities:
 - Developing the User Interface.
 - Collaborating with UX/UI Designers.
 - Investigating the old systems and integrating APIs provided by the back-end team.
 - Code optimization: writing clean, maintainable, and reusable code, optimizing for performance.
 - Testing and Debugging: conducting browser testing, fixing bugs, and optimizing code.
 - Participating in Agile Development: attending daily stand-ups, sprint planning, and retrospectives.
 - Used technologies:
 - Next.js 14, Redux, React Query, React Table, React Hook Form
 - Material UI, TailwindCSS

Front-end Developer

- E-commerce Fulfillment Project
 - Description: This is a system that provides end-to-end for all your E-Commerce fulfillment needs. The Selazar offers retailers an alternative eco-friendly way of running their E-Commerce business.
 - Responsibilities:
 - Implement UI/UX according to the client's design.
 - Meeting with the clients and the design team to receive requirements for every sprint planning.
 - Used technologies:
 - React.js, Redux, React Query
 - Chakra UI
 - Comparing Shipping Costs Project
 - Description: A web application to link, search, and compare the cost and delivery time of partners in a specific area.
 - Responsibilities:
 - Implement UI/UX according to the customer's design.
 - Working directly with the client.
 - Used technologies:
 - Gatsby.js
 - Tracking Delivery Project
 - Description: A web application to track moving trucks for delivery.
 - Responsibilities:
 - Implement UI UX according to the customer's design.
 - Working directly with the client.
 - Used technologies:
 - React.js
 - MQTT.js
-
